info text

Martin Wörner's limited edition of his own imprint Inclusion Records is proud to welcome an old friend to the artist roster:

STEFFEN NEHRIG.

Monza Club resident and Dirt Crew Recordings artist Steffen Nehrig is going to release on Inclusion Ltd an absolutely real whiz kid, which might fit perfectly into every artist dj-set.

With its deepness and an unbelievable noisy synthesizer the track comes groovy from below before it opens up in a light and fine played melody.

The B-side is coming up with a high quality worked reinterpretation of the original, by Berlin based Alex Krüger under his alias TIGERSKIN.
